

Economy Fixed Height Barrier with Swing Gate HBF-02

- A good security option for restricting both over height and unauthorised vehicles
- Gate can be locked when required (padlock not supplied)
- Restricts all types of vehicles when gate is locked, and high sided vehicles or caravans when open
- Available in economy or heavy duty options
- Cannot be opened by passing traffic, management are able to remove top post if necessary
- Available in sizes 3m – 7m
- Varying heights options available 1.9m to 2.4m
- Surface Fixed or Root Fixed options
- Galvanised and or Powdercoated / Painted options

Height Restriction Barrier and Swing Gate combination is a highly effective deterrent for both controlling access to the carpark, as well as limiting the type of vehicles entering the area. The swing gate can be locked to prevent all access to the car park when required and opened to allow low vehicles access. This is a very popular option with country parks, schools, and public car parks with limited opening hours

- Height Barrier & Swing Gate closed – prevents all access
- Height Barrier closed – Swing Gate open – allows vehicles of correct height entry

SPECIFICATION:

Materials: 80 x 80 x 5mm Steel Box Section

Surface Mounted Base Plate: 350 x 350 x 10mm with Gusset steel construction

Root Fixed: 600 mm dig in post with spigots for concreting into ground
